· All prize money not collected by 5pm on show day, shall become the property of the Camperdown P & A Society Inc.

· The Committee reserves the right to refuse, cancel or reject any entry without giving a reason for doing so. The Committee's decision on all points shall be final without recourse.

· All entries must be made subject to the Rules and Regulations of the Society and they are only accepted on this distinct understanding.

· All persons causing annoyance by loud comments on the decision of the judge, or other unseemly or insulting behaviour will, after having been cautioned by a member of the Committee, Steward or the Secretary is expelled from the Show, and if an exhibitor, may have their exhibits disqualified.

· The Committee may withhold any prize(s) where an exhibitor in making an entry has made statements proved to their satisfaction to be erroneous or fraudulent. Such exhibitor and their stock will be disqualified and excluded from exhibiting, riding, or competing at the Societies Show. A disqualified exhibitor if also a member, shall be liable for expulsion from the Society.

· Any disqualification shall be endorsed by all affiliated Societies in the South West Vas Group.

· No ribbon or card won at previous shows should be attached to or displayed on or near an exhibit.

· All competitors and exhibitors shall take part in competitions and attend their exhibits at their own risk. The Society will not be responsible for any accident that may result to an exhibit or competitor as a result of the competition.

· Owners and exhibitors must have their own Public Liability Insurance. If any exhibit whilst on the Societies grounds, shall cause or be the cause of injury or damage to other exhibitors, property or the general public. The owner of such exhibit shall indemnify and keep indemnified the Society against all damages, costs and claims.

In the event of any accident occurring at the grounds, licensed first aid are engaged for both days of the show.

· Duty of Care is required of all competitors to avoid exposing themselves, other people and property to injury or damage.

·· The Society shall not under any circumstances hold itself responsible for the loss or damage of livestock or any other exhibit at the Society's showgrounds. It is the owners' responsibility to provide security to keep their animals safe for the duration of the event.
· Hazard and Incident Reporting. Exhibitors and Competitors must report any hazards and incidents to Secretary's Office immediately.
All areas must be kept clean and tidy with access and exit routes available at all times. Care must be taken to minimise trip hazards.
· Media comments regarding the Camperdown P & A Society Inc. should be referred to the President, Secretary or Show Secretary.
· The use of Tranquilizers, Stimulants or any drugs capable of affecting the performance or behaviour of animals is forbidden.
· Competitors are advised that tests for forbidden substances may be carried out during the Show and that testing all animals is at the owner's risk. Testing for forbidden substances will be carried out under veterinary supervision.
· PHOTOGRAPHS: The Camperdown P & A Society will be taking photographs which may be used by the P & A Society Website, Facebook, and other advertising, etc. Your attendance is considered permission for the images to be used.
· SMOKING: We ask that everyone abides by the current smoking laws & take notice of signs located around the grounds.
· ELECTRICAL EQUIPMENT: Exhibitors should supply their own "Safety Switch" for installation at each power outlet they use. Power boards must be fitted with current overload protection. All exhibitors' electrical items, including leads, must have current safety compliance tags. Tagging on the day will cost $50 per tag.
· Use of radiant electrical /gas heaters and double adaptors are prohibited.
· RESPECT Bullying is an issue in many sports today. VAS Ltd wants members, organizers and officials to know that bullying is not acceptable at any VAS Ltd events. Every official, competitor & helper has the right to be treated with dignity and respect. VAS Ltd has a responsibility to ensure this occurs at our events. VAS Ltd can only discipline the appropriate person/s if intimidation is reported. We encourage any person who feels they have been bullied to report it in writing to VAS Ltd: · Reports will be handled promptly and confidentially;
· Disciplinary action will be taken against those who have bullied others at events run under the auspices of VAS Ltd.

NATIONAL SHEEP HEALTH STATEMENT

Explanatory Notes

NOTE 1: **Biosecurity Plan:** Agreed actions and activities of farms and/or producers to prevent the incursion of animal disease(s) into a flock or onto a property. It may outline measures including (but not limited to) conditions on sheep movements into the area, vaccine policy and response to disease detection. These plans can be at a property or regional level and can cover a range of diseases. The National Farm Biosecurity Reference Manual for Grazing Livestock Production and regional biosecurity plan guidelines can be used to develop plans.

NOTE 2: **Footrot:** Virulent footrot is defined differently in each state. For information on interstate movements of sheep, producers should visit the relevant state department website or contact animal health staff from that department.

NOTE 3: **SheepMAP:** An audited quality assurance program incorporating a property biosecurity plan, animal health risk assessment, testing, and movement controls that provide a source of low risk animals. (Note: level of testing varies depending on status.)

NOTE 4: **Faecal 350:** A test of 350 representative sheep over 2 years of age (or all sheep over 2 years of age in smaller flocks) by Pooled Faecal Culture (PFC) or equivalent test in pools of up to 50 sheep. The sheep must have been on the property for at least 2 years.
Abattoir 500: At least 500 sheep, over 2 years of age, have been submitted to an abattoir in the past 24 months, in 1 or more lots, have been examined and all found negative for OJD. The sheep must have been on the property for at least 2 years.
Abattoir 150: At least 150 sheep, over 2 years of age, have been submitted to an abattoir in the past 12 months, in 1 or more lots, have been examined and all found negative for OJD. The sheep must have been on the property for at least 2 years.

NOTE 5: **Other:** Post mortem examination by a SheepMAP vet with no indication of OJD, or other negative test.

NOTE 6: **Infected Flocks:** A flock which is infected with OJD, and there is evidence of or likely potential for transmission of infection within the flock, and the flock has not met the requirements for resolution of infection in accordance with the current National OJD Standard Definitions, Rules and Guidelines (SDR&Gs).

Suspected of being infected: A flock is suspected of being infected with OJD if the owner has reasonable grounds to believe that the flock has been exposed to OJD infection or that OJD may exist in the flock, based on:

- trace back or trace forward contact with an infected flock
- contact with OJD contaminated land or facilities
- a positive Johne's disease screening test, e.g. abattoir monitoring or blood (ELISA) test
- is a neighbour of an infected flock unless there is an effective biosecurity barrier
- clinical signs of OJD, or
- advice from the relevant state agricultural department.

AND the flock has not met the requirements for resolution of suspicion in accordance with the SDR&Gs.

NOTE 7: **NLIS 'T' tag (terminal) lamb:** A lamb which is to be slaughtered before it cuts its first permanent teeth and is identified by an NLIS (sheep) 'T' tag. The 'T' tag may be a requirement for trading into some areas.

NOTE 8: **Approved Vaccinate:** A sheep that is identified by an NLIS (sheep) 'V' tag and is:

- vaccinated with an approved OJD vaccine by 16 weeks of age, or
- vaccinated with an approved OJD vaccine after 16 weeks of age, when the flock:
  - was in the SheepMAP, or
  - had undertaken a negative Faecal 350 test in the two (2) years preceding the vaccination, or
  - had a Negative Abattoir 500 status at the time of vaccination.

NOTE 9: **Other:** This could include sheep sourced from historical Low Prevalence Areas (LPA), or sheep that previously had an ABC score higher than 4, or were from an area with a regional biosecurity plan.

NOTE 10: **Additional information:** A producer may wish to add additional information pertaining to the consignment and/or consignment flock that is not covered by answering the listed questions. Examples may include historical tests or prevalence areas for OJD, history of OJD vaccination if not continuous, worm resistance test results, where introduced sheep were sourced from, blood lines, micron, breed society, etc.

NOTE 11: **Declaration:** Signing this declaration has legal significance. Regulatory authorities may take legal action, and purchasers may seek damages for any information that is incorrect. Before signing you must be satisfied you understand all elements of the document, and these explanatory notes.
